With Sally

"Sally," announced the Editor coldly, "I thought you had made a resolution to increase your knowledge of the culinary arts."

We looked up apprehensively. The Editor had already gone back to his work. He looked like the darker side of a thunder cloud. Evidently as far as he was concerned the conversation ended right there.

Well, we thought, we'll show him. We dashed right home and brought the encyclopedia—all 20 volumes, right up to the office. We'll have to admit we learned some interesting things—maybe the Editor's program of HIGHer-Education-for-Sally is all right, at that. Well, anyway, maybe it is.

For an easy but delicious dessert, lay halves of canned peaches on slices of plain cake. Beat together egg whites and powdered sugar enough to sweeten until stiff, flavor with almond essence and pile on top of the peach halves. Brown in a moderate oven and serve hot.

Get the peaches at Milo's groceteria department. They've a good special on both Del Monte and Trupack brands this week.

Since it is quite easy to forget exactly when you put a dish on to cook, it is a wise idea to keep a small pad and pencil handy near the stove and jot down the exact time. Then, you will avoid the danger of under or over-cooking.

Why not avoid the danger of cooking a meal, at all—at least, once in a while. We intend to have John buy one of the new Willys at Venturino and Grolimund's. Then, he can drive us out to dine in style.

If he balks at that he will just have to buy us a new Spark Bungalow range at Byrne's.

One-quarter of the food consumed in the average American's 1500-pound annual diet is de-

(Continued on Page 2)

"Enough Wine To Float A Battleship"

Vireno's famous wine vaults are known far and wide. Shown above is a portion of the large wine room, which is stocked with barrels of all types of California wines. Andy Vireno sr., is shown at the right filling a jug, while Joe DeMartini fits a wine spout on a barrel. Andy Vireno jr., is kneeling in the foreground.

'General Store,' 1940 Style

Gasoline filling stations are general stores in the eyes of the Minnesota supreme court because most of them sell more than 40 kinds of articles.

German Speaking Swiss

The German language is spoken by a majority of the people in 16 of the 22 cantons in Switzerland.

Perishable Baking Powder

Baking powder is a somewhat perishable product. If overexposed to the air moisture is absorbed. It should be kept in a tightly closed can and in a cool, dry place.

Persia Rugs in U. S.

Rug exports from Iran (the official name of Persia) to the United States average $5,000,000 a year.

(Continued from Page 1)

rived from dairy products.

See Robertson's Egg Store for first quality butter.

A recent survey of American grocery bills disclosed that 87 per cent of the wage earners in this country spend an average of $428.76 a year for food.

Maybe they can eat on that. John says we spend "every penny he makes" on food. We wouldn't be that drastic. But how can we pass up bargains like Italian Bread at Geneva Bakery, the spareribs at Farmers Meat market, the table wines at Gelsi's Place? Or the fresh, yummy cherry pie from the Home-Made (Home-Aid) people?

Besides we can cut down expenses by having the car lubricated regularly at Carr's Service station and by buying our rugs at Metropolitan Appliance. We will further placate John by telling him about Acton Barber shop's vibratory massage, which helps prevent falling hair. We'll even send his suit to Beeson Cleaners and have Dale Hovey take a picture of the youngsters for him.

A pound of coffee shipped from Arabia to Delaware in 1683 cost William Penn $4.68.

Tsk. Just goes to show this is a better age. We can buy 2 pounds of coffee at Lucca's for only 49c.

When Julius Caesar's army was marching through Gaul, 'soldiers discovered a new kind of fish which they named "Salmo" from the Latin word, salire, meaning "to leap." Thus the salmon gained its name.

My word, we never knew "Salmon" was such an ancient name. Practically old-fashioned as "Hepzibah," which runs in our family. Anyhow, buy your canned salmon at Vireno's Market. By the way, speaking of marching, better investigate the shoes at Bosco's.

For a particularly delicious salad combine segments of oranges and grapefruit on a bed of lettuce and pour over them a highly seasoned French dressing to which has been added several spoonfuls of chopped cranberries.

Westlake Market has some nice big oranges, just right for this salad.

There are more than 350 kinds of foods packed in tin and glass containers.

According to Smith Lumber company's ad this week, there are many kinds of lumber, too. We must remind John to see them, so he doesn't get into trouble.

(Continued on Page 6)

Navy Accidents

Statistics of the navy show that more accidents and fatalities occur to sailors on shore leave than when aboard ship. Motorcycles and autos are especially dangerous, according to a navy yard report.

Mrs. Donna Panella Supervises Program

From 545 Winchester street these days floats the tantalizing fragrance of home-made apple pies. The busy stir within denotes that something unusual is afoot, and it's not hard to guess that another business has been launched in Daly City.

The town's newest enterprise is a program to aid handicapped women, set up under the auspices of the Rehabilitation division of the State Board of Vocational Education. In charge is Mrs. Donna Panella, 545 Winchester.

Using her home as a base of operations, Mrs. Panella turns out scores of home made pies each week, using the assistance of the women she is training in the program.

See display ad in column 1 for list of grocery stores which sell Mrs. Panella's delicious HOME-MADE (Home-aid) PIES.

Trade Marks Go Modish

American women from Maine to California may become walking symbols of American industry. One fabric manufacturer has begun selling dresses and yard goods in which 14 nationally known trade marks constitute the printed, all-over design. Patterns include the greyhound of a bus company, the bell of the telephone company, and the Indian of a motor car.

Banking Functions Change

Between 1929 and 1939, loans of all American banks decreased nearly one-half, from 42 billion dollars to 22 billions, while investments of banks have nearly doubled from 15 billion dollars to 28 billions, government statistics reveal.

Apple Blossom Time

Mrs. Sadie Tunford, Redwood City, Calif., would like to have someone analyze the "secret urges" which have pushed her two-year-old apple tree to blossom five times within a year and to bear four crops of fruit.

End of Gypsy Trail

Gypsy caravans are a thing of the past in Bohemia and Moravia, now part of Germany. Every gypsy must register a permanent residence with the police authorities. Failure to do so means internment in a labor camp.

IT'S A TRADITION IN TYPICAL AMERICAN HOMES

This scene takes place in millions of American homes every evening—men and women, and younger folks too, sit down to read the paper and rest.

Mr. and Mrs. Vincent Vanni, 871 Brunswick street, are shown here in their beautiful living room, recently furnished by Metropolitan Furniture and Appliance company, 6389 Mission street. Watch the Daly City Record and Shopping News next week for the announcement of Metropolitan's gala spring furniture and appliance sale.

Most Spanish Spot

The most Spanish spot under the American flag is the romantic city of Ponce, on the southern coast of the United States territory of Puerto Rico. Although Ponce was the first city to be entered by the Americans who took Puerto Rico in 1898, it has been the last to give up the Latin heritage it derived from its Conquistadores. English is spoken widely in Puerto Rico, but Spanish is the prevailing language in this stronghold of old Castille.

Lapland's Old Trees

Thirty-two per cent of the trees in Lapland are more than 100 years old.

le when he buys the lumber for that new play room.

The value of milk as a foodstuff was appreciated by the early colonists of this country. In 1623 the governor of the Plymouth colony ordered each ship to bring one cow for every five colonists as a safeguard to the health of the children.

Milk is good for youngsters. But they do get tired of it "straight." That's why we appreciate the ice cream and ice cream specialties featured by Fernson K. & D. Market.

Americans like their meat. The value of the meat produced in the United States in more than 1,200 meat-packing establishments exceeds $3,000,000,000 a year. A majority of the nation's farms and half of its farmlands are engaged in part at least, in supplying meat.

A good thing, too. We can never get enough of the sirloin steak from Dave's Market.

Grapefruit, one of the most popular of our present day fruits, was held in so little esteem during

there's a big difference in
LUMBER

When you buy lumber for any job, no matter how large or how small, be sure you buy grade-marked lumber. The grade mark is your guarantee against future warping and insures a lasting job. Money spent in working with green or improperly cured lumber is money wasted. You will save money by using our quality stock in every construction job.

BIG, BOLD "GLAD MEN" OF THE WEST

Buck up, America! The Marx Brothers are here again, in "Go West," a rootin', tootin', shootin' musical laugh fest, with Groucho, Chico and Harpo rounding up the girls and the guffaws in the funniest picture they have ever made. It opens Sunday on the Daly City screen, with John Carroll and Diana Lewis supporting the Comedy Kings under the direction of Edward Buzzell.

Election Forgotten

The mayor and aldermen of Ardmore, Ala., won't get rid of their jobs. It's all because everyone forgot to announce candidacies for offices at the recent election, so that no election was possible. Therefore, the present officeholders have to serve four more years, until the next election.

Monte Carlo's Revenue

The revenue of the Principality of Monaco is derived mainly from the gaming tables at Monte Carlo.

Absent-Minded Drivers

For motorists who make a habit of failing to release the emergency brake all the way, or who sometimes drive off without releasing it at all, a new brake-alarm proposes to come to the rescue, giving an audible signal and is capable of being affixed to practically any car, bus, truck or tractor.

Hosiery Via Telephone

A novel device to make it easy for women to reorder silk stockings has been introduced by an Indianapolis, Ind., department store. The store's telephone number is printed on the stockings—called "Telephone Hosiery," and the colors have been named after other Indianapolis exchanges, making them easy to remember, too.

Louisiana Salt Mines

Four of the largest salt mines in the world are in Louisiana.

Shellac in Sports

Shellac is not only used over and over again on skis, but it takes a prominent part in almost every sport. It is used on golf club heads and shafts, fishing rods, baseball bats and on tennis rackets. Bowling pins and bowling alleys are also finished with shellac.

Labors of Hercules

The 12 tasks of great difficulty imposed on Hercules by the Argive king were as follows: "To slay the Nemean lion, kill the Lernean hydra, catch and retain the Arcadian stag, destroy the Erymanthian boar, cleanse the stables of King Augeas, destroy the cannibal birds of the Lake Stymphalis, take captive the Cretan bull, catch the horses of the Thracian Diomedes, get possession of the girdle of Hyppolyta, queen of the Amazons; take captive the oxen of the monster Geryon, get possession of the apples of the Hesperides, and bring up from the infernal regions the three-headed dog Cerverus.

'Rural Electric'

One-quarter of all farms in the United States are now electrified, according to a survey by the Rural Electrification commission.

the Eighteenth Century that sailors used it for cleaning decks. Vessels also carried grapefruit for ballast.

How silly! When we buy grapefruit at Milo's fruit department we certainly don't use them for anything like that. If we did, our family would clean the decks with us. They love grapefruit.

The only winter vegetables available to the colonists in George Washington's day were potatoes and turnips. Today almost every vegetable is available the year 'round.

That's right. We intend to have some fresh green asparagus from Daly City Cut Rate Market tonight.

We can't say that it will do anything for our higher education but we are going to see the Marx Brothers, Sunday evening at the Daly City theatre. "Go West" is the title. We feel like "going West" ourselves but what with living right on the edge of the Pacific we guess it won't do. It's an engaging thought, tho. Just leave all your troubles and "go west." Ah!

Undaunted Courage?

Pat Hogan of Westwood, Calif., and Muriel Dwyer of Santa Cruz, went to Reno, Nev., to be married. Pat, after getting the license, was knocked down by an auto and his leg was fractured. Undaunted, he had the leg set at a hospital, summoned a clergyman and the marriage was performed on schedule at the bedside.

Orient's First Mission

Sancion island, scene of the establishment of the first Christian mission in the Orient, is the land in which St. Francis Xavier established a mission in spite of efforts to keep him and his band out of the Orient. And on this island he lies buried. In late August, 1552, he landed on the island, called Chang-chuen-chan, off the coast of Kwangtung, which served as a rendezvous for Europeans. Soon after his arrival Xavier was seized with a fever and died there.
